

# PLANNED GIVING

---

Estate planning isn't only for the wealthy. If you have an interest in charitable giving, you may want to provide for the causes you care about. To create your estate plan, you will need to work with an attorney who specializes in wills, trusts or estate planning.

A gift to the Sarasota County Butterfly Club can make a significant impact in our ability to continue our mission and support the conservation of butterflies and there are a number of ways to include SCBC in your estate plan. If you might consider a gift to our organization, we would be delighted to work with you and your advisors to explore the many options. For more information, please contact Will Hayes, [will.hayes5751@gmail.com](mailto:will.hayes5751@gmail.com).
